COMPRESSED AIR MAGAZINE

INDEX TO VOLUME XXIX

JANUARY - DECEMBER, 1924

* Article Illustrated

A

*Aberfoyle Textiles for the Novelty Trade—By Robert G. Skerrett ... 887
Abstract of the Fourteenth Census of the United States—By U. S. Dept. of Commerce (Book Review) ... 789
Advertising and Selling—By Noble T. Praigg (Book Review) ... 849
Advertising Man, The—By Ernest Elmo Calkins—(Book Review) ... 1065
Africa, Hunting In—By Owen Letcher ... 1085
*Africa, Iron Mining in—By A. Grenon ... 845
*Africa, Off the Beaten Track in—By Owen Letcher ... 1085
Air, Clean (Editorial) ... 876
*Air Compressor for Track Work on Lehigh Valley Railroad—By W. F. Nichols ... 993
Air Compressors, Clean Air for ... 762
Air Conveyer ... 886
*Air-Controlled Electric Mine Hoist, New—By H. V. Haight ... 965
*Air-Driven Hoist, Novel and Effective Use of—By Vernon H. VanDiver ... 956
Air-Driven Tools Augment Output of Saltpeter (Editorial) ... 940
*Air Hoists Help in Roadbuilding—By V. H. VanDiver ... 1094
*Air Lift Pumping Plant at Meadow Brook—By V. H. VanDiver ... 1055
*Air Lifts in Far-Away Hawaii ... 981
*Air-Lift System of Pumping Water in Westbury—By L. V. Armstrong ... 828
*Air-Motor Hoist of New Design ... 744
*Air-Motor Hoists of Wide Range of Capacities ... 879
Airplane Comes of Age This Year (Editorial) ... 788
Airplane Fabrics Tested ... 998
Algebras and their Arithmetic—By Leonard E. Dickson (Book Review) ... 877
Aluminum Paint ... 874
*Allgeier, O. R.—Example of High-and-Low Pressure Gas Distribution ... 1020
Aluminum Castings (Editorial) ... 941
America, See and Know (Editorial) ... 1098
American Peace Award ... 759
American Stone Dwellings of Prehistoric Date ... 836
*Anaconda Copper Mining Company Find Gunite Coatings Efficacious—By E. M. Norris ... 881
Annual Report of the Board of Regents of the Smithsonian Institute—By Government Printing Office ... 1099
*Aquarium in San Francisco—By Charles W. Geiger ... 926
Aqueduct, World's Longest ... 960
*Archbold, John D., Tanker—H. G. Conkey ... 843
*Armstrong, L. V.—Lowering Cost of Pumping Water in a Small Cummunity ... 828
Asphalt Well in North America ... 925
Automatic Ignition ... 896
Auto Tires, Clean and Dry Air Best ... 995

B

Ball Grounds, Speeding Up the Drying of ... 896
Bauxite In Demand to Make Cast Cement ... 1020
Bear Mountain Acknowledgment ... 877
*Bear Mountain Bridge will Link East and West Shores of the Hudson—By V. H. VanDiver and A. S. Taylor ... 769
Belting Eighteen Miles Long for Lumber Mill ... 1053
*Big Creek Hydro-Electric Project, Progress on—Part II—By D. H. Redinger ... 747
*Big Creek Hydro-Electric Project, Progress on—Part III—By D. H. Redinger ... 803
*Big Creek Hydro-Electric Project, Progress on—Part IV—By D. H. Redinger ... 837
*Big Creek Hydro-Electric Project, Progress on—Part V—By D. H. Redinger ... 989
*Big Creek Hydro-Electric Project, Progress On—Part VI—By D. H. Redinger ... 1013
*Bingham, Utah, Historical Notes About—By Gail Martin ... 1045
Biplane Runs More than Three Miles a Minute ... 802
*Blankets, Making Sure of Warm ... 744
Blasting With High Explosives—By W. Gerard Boulton (Book Review) ... 849
Boll-Weevil-Proof Cotton Plant ... 956
*Bombay Welcomes Portable Compressor ... 962
*Bornot Brothers Dyeing and Cleaning Plant—By Robert G. Sherrett ... 973
Boulder Canyon Dam, Building Materials for ... 790
*Brainerd, H. S.—Poor Bits on Drill Steel ... 938
Brains in Business—By Frank A. Nagley (Book Review) ... 1099
*Brick Building Moved 85 feet by Aid of Pneumatic Tools—By Sidney Mornington ... 864
Brick, Five Cents Each ... 874
Bridge at Sydney, Australia ... 877
Bridge Building Active ... 999
Bridge, Prolonging Life of ... 931
*Briggs, Roland H.—Compressed Air Proves a Boon to the Building Industry ... 780
*Briggs, Roland H.—Mystery Towers, Cutting Down ... 867
British Air-Mail Service, New ... 822
*Burch, Frank G.—Increasing and Diversified Uses of Portable Air Compressors ... 885
*Burnham, B. R.—Compressed Air Has Many Uses in the Cotton Mill ... 943
Business Letter, The—Its Principles and Problems, By Carl A. Naether (Book Review) ... 821
*Butte, The Largest Mining Camp in the World—By George H. Dacy ... 809
Butterflies ... 787

C

*Caisson of the Perth Amboy Bridge ... 999
*Caissons, Concrete, Cutting 15-Foot Sections Into—By George F. Paul ... 801
*Canada, Petroleum Resources of—By M. Chose ... 751
*Canada Quarrying and Contracting in—By G. R. Southee ... 1051
Canada, Tidal Project in ... 1088
*Canada's National Parks—By J. M. Wardle ... 977
*Canada's Precious Metal Mines—By W. M. Goodwin ... 763
*Canadian Brewery Installs Electrically Driven Refrigerating Equipment—By F. A. McLean ... 937
Candle Power Standards ... 1053
Carbon Black ... 1010
Carbon-Monoxide Fatality ... 1002
*Carboys, Acid-filled, Emptied by Compressed Air ... 779
Carsbad Cavern, Beauties of ... 961
Cars, Air Resistance of ... 786
*Castings, Steel, Foundry Speeding up Production of—By S. G. Roberts ... 731
Castleton Cut-off Nearing Completion ... 1033
Cement Gun Used to Spread Rock Dust ... 948
Cement Injected to Stop Leaks in Rock Work ... 1093
Channel Train Ferry ... 954
Charts and Graphs—By Karl G. Karsten (Book Review) ... 761
*Chose, M.—Petroleum Resources of the Dominion of Canada ... 751
*Christiana Sewer, Compressed Air Helping to Build ... 895
*Circus Fan Makes Its Bow ... 759
Coal, Compressed Air for Cleaning ... 870
*Coal-Dust Explosions—By C. Moran ... 917
Coal Industry, The—By A. T. Shurick (Book Review) ... 1035
Coal-Mine Fatalities ... 1020
Commerce Yearbook, 1922—By U. S. Dept. of Commerce—(Book Review) ... 761
Commercial Contacts, Adding to our (Editorial) ... 1098
Compressed Air an Aid to Year-Round Building ... 983
Compressed Air Data—By W. L. Saunders (Book Review) ... 971
*Compressed Air for the Combustion of Gas ... 1067
Compressed Air Practice, Safe—By Frank Richards ... 819

*Compressed Air in Big Railway Terminal..... 869
*Compressed Air Has Many Uses in the Cotton Mill—By B. R. Burnham..... 943
Compressed Air in a Drydock.....1066
*Compressed Air in the Ice Plant—By C. W. Gibbs..... 910
Compressed Air Practice—By Frank Richards..... 819
Compressed Air Protects Dam Against Ice..... 830
*Compressed Air Proves a Boon to the Building Industry—By Roland H. Briggs..... 780
*Compressed Air Services in Great Lock Factory—By R. H. Tingley..... 871
*Compressor Car for Railroad Service—By C. Stanley Kulp.. 955
Concreting Rock Surfaces After Rouching..... 874
*Conduits Extended Under Difficult Conditions—By C. M. Hartley.....1057
Conflict of Policies in Asia—By Thomas F. Millard (Book Review).....1001
*Conkey, H. G.—Making Another World's Record..... 843
Conquering the Earth—By Hercules Powder Company (Book Review).....821
*Copper District, Compressed Air Haulage in—By Gail Martin.1045
Copper Lengthens Life of Steel.....1003
Copper The Unique (Editorial)..... 760
Correction on Aluminum Paint..... 941
*Corrosion, Waging With Oil a Winning Fight Against..... 963
Costs and Profits—By Hudson Bridge Hastings (Book Review). 761
*Cotton Mill, Compressed Air in the—By B. R. Burnham.... 943
Cotton Mills, Humidification Problem in..... 818
Cotton Mills, Improvement in Southern..... 787
Cotton Picking by Suction..... 778
*Crank Pin Lathe, New Air-Motor Driven..... 863
Crude Rubber Culture in the United States (Editorial)..... 970
*Cuban Railway Shop, Compressed Air in.....1063
*Curtis, Hartford—Carrying a Foundation to Bedrock Under Trying Conditions..... 737

D

*Dacy, George H.—The World's Biggest Mining Camp at Butte..... 809
*Dairy, Compressed Air Effects Notable Benefits in a—By A. S. Taylor.....1048
Dams That Will Not Stop the Salmon..... 936
Dead Sea a Possible Aid to Productivity.....1060
Depths of the Universe, The—By George Ellery Hale (Book Review)..... 941
Desulphurization of Coke (Editorial)..... 820
Diagnosing No More (Editorial)..... 788
Diamonds (Editorial)..... 760
Diet, Amplifying Our (Editorial)..... 848
Dinosaur Eggs Passe but Interesting (Editorial)..... 788
*Divers Use a "Jackhamer" at Newport, Wales..... 964
Dix River Dam..... 948
Dock, Mammouth Floating.....1002
Dodder Defeated..... 896
*Drill Steel, Poor Bits on—By H. S. Brainerd..... 938
Dye Industry Firmly Established (Editorial)..... 788

E

*Eads Bridge a Monument to Compressed Air.....1077
Economics for Everyman—By James E. LeRossignol (Book Review)..... 877
Economics of Motor Transportation—By Geo. W. Grupp (Book Review)..... 821
*Ejector System for Sewage Disposal—By J. Johnstone Taylor. 782
Electric Meter, New..... 976
Electric-Pneumatic System Guides Dense Railway Traffic...1019
Electrometer to Measure High Voltages.....1067
Engineers Society Hold Banquet..... 844
Engineer, The—By John Hays Hammond (Book Review) ..1035
Everyday Biology—By J. Arthur Thomson (Book Review)....1065
Exhibition, British Empire..... 757
Explosions of Compressors Explained..... 850
Explosion Disastrous by Use of Wrong Drug..... 926
Eye Hazards in Industrial Occupations—By Louis Resnick and Lewis H. Carris (Book Review).....1099
Eye Sight, Saving the (Editorial).....1034

F

*Fabrics, Cutting the Cost of Cleaning—By Robert G. S. Sherrett..... 973
*Feldspar a Mineral Having Many Uses—By A. S. Taylor.... 985
Field Book of Common Rocks and Minerals—By Frederic Brewster Loomis (Book Review)..... 761
*Fishing Conduits, Compressed Air Efficient in..... 894
Fish, Fresh Water, Placed in Water at Freezing Point.....1033
Fly-Power Instead of Horse-Power.....1020
Foibles and Fallacies of Science—By D. W. Hering (Book Review).....1001
Food and Health—By Inez N, McFee (Book Review)..... 941
Ford to Build Thousands of Cement Homes..... 744
Fossilized Forest Reconstructed by Scientists (Editorial)..... 940
*Foundry, Pneumatic Apparatus Speed up Performance in—By S. G. Roberts..... 933
Franklin Institute, Hundredth Anniversary of (Editorial).... 971
Fuel Revolution in New York City (Editorial)..... 908
Fulton Relic, Scrapping a..... 907
*Furniture Factory, Compressed Air Speeds Production in—By H. J. Long.....1027

G

Galvannealing..... 767
Garage of Unusual Design..... 976
Gardco..... 800
Gas Holder, Improved Type of.....1012
Gas Holder of Enormous Capacity..... 790
*Gas Leaks, Cutting Down Cost of Finding..... 939
Gas Main Fire, Compressed Air Stops A..... 835
*Gas Main Welded Constructing the World's Largest and Longest—By R. G. Sherrett.....1089
*Gasoline Tests, Something Different in..... 880
*Geiger, Charles W.—San Francisco Has Model Aquarium.... 926
Gelatine, Deep Sea Diving for..... 916
Geyer, Linwood H.—Profitable Reading..... 786
*Gibbs, C. W.—Compressed Air in the Ice Plant..... 910
*Gold Mining on the Rand Has Made History—By Owen Letcher.....1030
Good Roads Show..... 818
*Goodwin, W. M.—Productiveness of the Precious Metal Mines of Canada..... 763
*Granite Quarry, Compressed Air Doubles Production of—By E. H. Paull.....1079
*Grenon, A.—Iron Mining in Northern Africa..... 845
*Gunite at Butte, Protecting Mine Timbers With—By E. M. Norris..... 881

H

*Haight, H. V.—New Air-Controlled Electric Mine Hoist..... 965
*Hanna Engineering Company's Riveting Machine—By John C. Hanna..... 861
*Hanna, John C.—Giant Portable Compressed Air Riveting Machine..... 861
Harnessing the Tides (Editorial)..... 820
*Hartley, C. M.—Extending Electrical Conduits Under Difficult Conditions.....1057
Hawaii, Air Lifts in..... 981
Helium, Conserving (Editorial)..... 876
*High-and-Low Pressure Distribution—By O. R. Allgeier.....1021
*High-Pressure Air Tank..... 911
*High-Pressure Gas Main—By E. H. Paull.....1061
History of Petroleum—By Tide Water Oil Co..... 909
*Hitner's Sons Company Shipyard—By Robert G. Skerrett... 823
*Hoffman, A. M.—Disk-Spray Process Revolutionizes Rubber Industry.....1025
Hoist, Air-Driven, on a Construction Car.....1056
Holland Tunnel (Editorial).....1098
*Hudson-Athens Ferryboat Fine Example of Progress in Marine Engineering—By Robert G. Skerrett..... 739
*Hydro-Electric Project on Big Creek—Part II—By D. H. Redinger..... 747
*Hydro-Electric Project on Big Creek, Part III—By D. H. Redinger..... 803
*Hydro-Electric Project on Big Creek, Part IV—By D. H. Redinger..... 837
*Hydro-Electric Project on Big Creek—Part V—By D. H. Redinger..... 989
*Hydro-Electric Project on Big Creek—Part VI—By D. H. Redinger.....1013
*Hydro-Electric Project in France..... 919
*Hydrogen Ice Produced by Intense Cold..... 942
Hydrostatic Tests of Pressure Tanks..... 822

I

*Ice Made at a Fuel Cost of Twenty-Five Cents a Ton—By Robert G. Skerrett..... 927
*Ice Manufactured at Arctic Hygeia Ice Co's Plant —By V. H. VanDiver and A. S. Taylor..... 851
*Ice Plant, Compressed Air in—By C. W. Gibbs..... 910

Ice Produced by Natural Evaporation 932
India's Food Supply Increased by Irrigation 938
Instrument, Earliest Known Writing 1054
Internal-Combustion Motor Cars, New 802
*Iron Mining in Northern Africa—By A. Grenon 845
Is America a Creditor or a Debtor Nation? (Editorial) 940

J

*"Jackhamer" Does Effective Work in Restoring Damaged Jetty 774
"Jackhamers" on London Streets (Cartoon) 1001
Japan, Before and After the Earthquake—By Commission on Commerce (Book Review) 821
*Jetty Restored by Effective Use of "Jackhamer" 774
Journal of the Iron and Steel Institute—By G. C. Lloyd (Book Review) 789
Journal of Iron and Steel Institute—By G. C. Lloyd (Book Review) 877

K

Key to National Prosperity—By Jules Nahoun (Book Review). 821
Kieselguhr as a Building Material 969
*Kulp, Stanley C.—Mobile, Self-Contained Compressor Car for Railroad Service 955
